What is SEF?

It's all of us! SEF is district families that work together to provide our children with enrichments that make their education more valuable and competitive.

We are all fortunate to be a part of a district that spends wisely and provides the best teachers, small class sizes, and quality campuses. SEF was founded to expand funding to also provide enrichments our community values.

SEF has a board of directors that do the heavy lifting of coordinating donations and turning them into opportunities for our children but everyone that makes a donation is an equal member. We have several meetings throughout the year and two surveys where you can give input and gather information.

SEF provides enrichments to all district students each year with family contributions. In 2022-2023, families contributed over \$600,000 to fund **Elementary Makerspace, Music, Science labs, Specialized PE and Middle School STEM classes this year!**

Let's all do our part and contribute to continue funding our children's educational enrichments. Please consider making a donation today!

Suggested donation of \$1000 per student.

Donations are tax-deductible!

Corporate matching can double your impact!
