

Tested Positive & Have Symptoms?

Free Covid-19 medications can keep you alive and out of the hospital

RESOURCES FOR PARENTS

TEST TO TREAT

Talk to a provider to see if treatment is right for you or your teen.

- Medicines for COVID-19 are safe and effective
- Medicines work best if started immediately.
- People over age 12 with certain medical conditions (including asthma, diabetes and obesity) and anyone over age 50 can benefit from treatment.
- For more conditions see the list on the CDC web site.

How to get treatment:

- Contact your regular doctor.
- Go to a Test-to-Treat location. Call 833-422-4255 or use the COVID-19 Test to Treat Locator. Some sites may charge, Optum Serve sites are free.
- If you don't have insurance or you cannot reach your doctor in time, Visit an Optum Serve location, which can offer both a free test and a free telehealth provider visit. You can also pick up medication at the Optum Serve location.
