Dear Parent/Guardian:

California Education Code Sections (§§) 48980 et seq. mandate that school districts notify parents and guardians of their rights and responsibilities at the beginning of the academic year. Education Code § 48982 REQUIRES THAT PARENTS OR GUARDIANS SIGN AN ACKNOWLEDGMENT. The signature is an acknowledgement by parents or guardians that they have been informed of their rights but does not indicate that consent to participate in any particular program has either been given or withheld. Some laws and regulations require additional notification to the parents or guardians during the school term or prior to a specific activity. A separate notification will be sent to parents or guardians prior to any of these specified activities or classes, and the student will be excused whenever the parent/guardian files with the principal of the school a statement, in writing, requesting that his/her child not participate. Other laws and regulations grant certain rights that are explained in this document. For purposes of this document, "parent" includes parent or legal guardian.

Dr. Kenneth Geisick, Superintendent

I. EMERGENCY INFORMATION FOR PARENTS/GUARDIANS

Please inform yourself of our procedure for the Emergency Closing of Schools. Every effort will be made to keep schools open. The following criteria will be used in determining if a site should be closed:

- There is a safety issue (i.e., no alarm system, power lines down, flooding).
- The school is not operational; conditions exist which are not conducive to learning (i.e., lack of heat, lights or water). If possible school will be held for at least a minimum day schedule.
- Staff and/or students cannot get to school sites.
- The school is needed for an emergency center by the City of Saratoga or Red Cross.

We will always make the best decision possible with the information available. As soon as we know there is a problem, we begin an analysis of the situation with the District Maintenance Director, Principals, School Board, other local school districts, City and County emergency groups, PG&E, or appropriate service vendors to determine severity of problems, advisories, estimated time of repair or changing conditions. This analysis begins as early as possible, sometimes during the night. We target our decisions for 6:45 - 7:15 a.m. using the best data available at that time. Our decision is based on the safety of students. After we decide to hold school half-day or close school, we alert you through

the emergency messenger system (email, voice, text), radio, and/or signs at the schools.

Parents/Guardians: please ensure that your most up-to-date contact information is listed in your child's record via your PowerSchool Enrollment update at the start of the school year or when you registered. If your contact information changes during the school year, contact your school office right away.

Our automated messenger system will contact you via email, phone, and text in event of an emergency. To verify your email, phone, and SMS text numbers, or to make changes, contact your school office. We also recommend you sign up to receive alerts from Santa Clara county. For more information on Emergency notifications or to sign up for Santa Clara county alerts, visit www.saratogausd.org/emergency.

A summary of these code sections is contained in this notice. All of the activities described begin with the opening of school each year and continue throughout the school year. A letter specifying any objection you may have at this time to any activity listed, or to the participation of your student in any activity listed, should be sent to the principal of the school your student attends. These activities are enumerated below along with other policies for your

information.

(a) At the beginning of the first semester or quarter of the regular school term, the governing board of each school district shall notify the parent or guardian of a minor pupil regarding the right or responsibility of the parent or guardian under EC § Sections 35291, 46014, 48205, 48207, 48208, 49403, 49423, 49451, 49472, and 51938 and Chapter 2.3 (commencing with Section 32255) of Part 19 of Division 1 of Title 1.

(b) The notification also shall advise the parent or guardian of the availability of individualized instruction as prescribed by EC § 48206.3, and of the program prescribed by Article 9 (commencing with EC § 49510).

(c) The notification also shall advise the parents and guardians of all pupils attending a school within the school district of the schedule of minimum days and pupil-free staff development days, and if minimum or pupil-free staff development days are scheduled thereafter, the governing board of the school district shall notify parents and guardians of the affected pupils as early as possible, but not later than one month before the scheduled minimum or pupil-free day.

(d) The notification also shall include a copy of the written policy of the school district on sexual harassment established pursuant to EC § 231.5, as it relates to pupils.

(e) The notification shall advise the parent or guardian of all existing statutory attendance options and local attendance options available in the school district. This notification component shall include all options for meeting residency requirements for school attendance, programmatic options offered within the local attendance areas, and any special programmatic options available on both an interdistrict and intradistrict basis. This notification component also shall include a description of all options, a description of the procedure for application for alternative attendance areas or programs, an application form from the school district for requesting a change of attendance, and a description of the appeals process available, if any, for a parent or guardian denied a change of attendance. The notification component also shall include an explanation of the existing statutory attendance options, including, but not limited to, those available under EC § 35160.5, Chapter 5 (commencing with EC § 46600) of Part 26, and subdivision (b) of EC § 48204. The department shall produce this portion of the notification and shall distribute it to all school districts.

(f) It is the intent of the Legislature that the governing board of each school district annually review the enrollment options available to the pupils within its district and that the school districts strive to make available enrollment options that meet the diverse needs, potential, and interests of the pupils of California.

(g) The notification shall advise the parent or guardian that a pupil shall not have his or her grade reduced or lose academic credit for any absence or absences excused pursuant to EC § 48205 if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time, and shall include the full text of EC § 48205.

Please note that Education Code and Board Policies are subject to change by governing bodies. For current board policies and administrative regulations, please visit www.saratogausd.org/boardpolicies. Instructional Use of Animals: Students have the right to refrain from the harmful or destructive use of animals in their classes. A student's objection to participating in an educational project shall be substantiated by a note from his or her parent or guardian. The teacher of such a student may work with the pupil to develop and agree upon an alternative education project. The student shall not be discriminated against based upon his or her rights to refrain. (EC § 32255-32255.6 and Board Policy 5145.8)

Parents/guardians will be notified of any instruction which includes topics related to sexual abuse, sexual assault awareness prevention, or sex trafficking prevention education. Parents may submit a written request to excuse their child from participation in these classes.

Selection of Instructional Materials: The Board shall select instructional materials for use in grades K-8 that have been approved by the State Board of Education (SBE) or have otherwise been determined to be aligned with the state academic content standards adopted. The Board's priority in the selection of instructional materials is to ensure that all students are provided with standards-aligned instructional materials in the core curriculum areas of English/language arts, mathematics, science, and history-social science.

Review Process: The Superintendent or designee shall establish a process by which instructional materials shall be reviewed for recommendation to the Board. Toward that end, he/she may establish an instructional materials review committee to evaluate and recommend instructional materials. The review process shall involve teachers in a substantial manner and shall encourage the participation of parents/guardians and community members. In addition, the instructional materials review committee may include administrators, other staff who have subject-matter expertise, and students as appropriate. If the district chooses to use instructional materials for grades K-8 that have not been adopted by the SBE, the Superintendent or designee shall ensure that a majority of the participants in the district's review process are classroom teachers who are assigned to the subject area or grade level of the materials. The committee shall review instructional materials using criteria provided in law

and administrative regulation, and shall provide the Board with documentation supporting its recommendations. All recommended instructional materials shall be available for public inspection at the district office. The district may pilot instructional materials, using a representative sample of classrooms for a specified period of time during a school year, in order to determine how well the materials support the district's curricular goals and academic standards. Feedback from teachers piloting the materials shall be made available to the Board before the materials are adopted. (Board Policy BP 6161.1)

Curriculum A prospectus of school curriculum is available for review at the pupil's school upon request (EC § 49063k).

B. STUDENTS WITH DISABILITIES

Section 504 Accommodations for Students: Section 504 of the Rehabilitation Act of 1973 protects students with disabilities from discrimination based on their disabilities that substantially limit one or more major life activities. Further, Section 504 prohibits discrimination against students with disabilities in district programs, gives parents/guardians rights to examine relevant records, and to participate in an impartial hearing.

A recipient that operates a public elementary or secondary education program or activity shall establish and implement, with respect to actions regarding the identification, evaluation, or educational placement of persons who, because of handicap, need or are believed to need special instruction or related services, a system of procedural safeguards that includes notice, an opportunity for the parents or guardian of the person to examine relevant records, an impartial hearing with opportunity for participation by the person's parents or guardian and representation by counsel, and a review procedure. Procedural Safeguards: The procedural safeguards will be made available in written form which is 1) understandable to the general public; and 2) provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so. With regards to special education matters, parents shall be given a copy of their rights and procedural safeguards annually, except that a copy also shall be given to the parents upon initial referral or parental request

for assessment.

Right to Private School for Handicapped: A handicapped pupil for whom a special education placement is unavailable or inappropriate may receive services in a private non-sectarian school. Parents may obtain additional information by contacting the District's Special Education office. (EC § 56031)

Special Education Complaints (5 CCR §3080): State regulations require the district to establish procedures to deal with complaints regarding special education. If you believe that the district is in violation of federal or state law governing the identification or placement of a special education student, or similar issues, you may file a written complaint with the district. State regulations require the district to forward your complaint to the State Superintendent of Public Instruction. Procedures are available from your school principal.

C. SPECIALIZED EDUCATIONAL PROGRAMS

Alternative Programs: California state law authorizes all school districts to provide for alternative schools. EC § 58500 defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy; (b) Recognize that the best learning takes place when the student learns because of his/her desire to learn; (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may result in whole or in part from a presentation by his/her teachers or choice of learning projects; (d) Maximizing the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. The opportunity shall be a continuous, permanent process; (e) Maximize the opportunity for students, teachers, to continuously react to the changing world, including but not limited to the community in which the school is located. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. The District has established policies and procedures regarding deficiencies related to instructional materials, emergency or urgent facilities conditions that pose a threat to the health and safety of students or staff, and teacher vacancy or misassignment. Uniform Complaint Procedures outlined in the Education Code and California Code of Regulations (5 CCR 4600 et seq.) are used to identify, investigate, and resolve complaints regarding those issues according to timelines specified under Uniform Complaint Procedures. The individual responsible for processing complaints is the Superintendent. Parents, guardians, pupils, teachers, or any member of the public may submit a complaint regarding these issues. However, it is highly encouraged that individuals express their concerns to the school principal before completing the complaint forms to allow the school to respond to these concerns.

A student or parent is not required to attempt resolution through the school site before contacting the District Title IX Coordinator.

Timeliness: A complaint must ordinarily be filed within 180 days of the last act of discrimination. A separate Uniform Complaint may be filed if retaliation occurs against any individual involved in the processing of discrimination, harassment, or bullying complaint. Each complaint shall be investigated promptly and in a way that respects the privacy of all parties concerned. **A student who has a complaint of discrimination or sexual harassment may contact the principal for immediate resolution at the school site.
