

# SUSD Community Math Study Group

## Objectives of the Community Math Study Group

- Become informed by research-based, effective mathematics education practices
- Weigh the benefits of curriculum compacting vs. curriculum “skipping”
- Analyze data on SUSD student success indicators relative to math course placement from elementary to middle school to high school
- Study math course placement best practices of similar school districts
- Gain awareness of various family and cultural goals for mathematics education and consider possible ways to be responsive
- Given the above objectives, reach consensus on recommendations to the superintendent, who will subsequently advise the Board of Trustees of the study group’s outcomes

## January 10, 2018 3:30-5:30 PM

Time	Agenda	Lead
3:30	Welcome/Review of Agenda/Meeting Objective/Review Last Meeting	Manny Barbara
3:35	Review of 12/7 Process Check and Group Agreements	Rebecca Poon
3:40	Review of Superintendent’s Charge and Group Objectives	Manny Barbara
3:45	SUSD Pathways/Placement Data <ul style="list-style-type: none"> <li>• RMS Data: Updates and Context</li> <li>• SHS Data: Overview</li> </ul>	Rebecca Poon
4:30	<ul style="list-style-type: none"> <li>• Pair Discussion</li> </ul>	
5:20	Process Check	Manny Barbara
5:25	Next Steps	Manny Barbara
